President's Message

By: Sal Gigante -- Scarsdale, NY

I would like to take this opportunity to thank all our loyal and dedicated New York Combine and Affiliate Club members for making this Special one of the finest ever. I would also like to express my gratitude to Ed Pointer for his hard work, cooperation and support on this project.

Kudos to our Affiliate Club Coordinators – John Heppner of the Western Domestic Flight Association; Carlo Parente of the Southern Domestic Flight Association, and Jim Mullins of the British Domestic Flight Association.

Last but not least and most importantly, I would like to recognize the tireless and talented efforts of our Publicity Director, Pete Fratangelo. Pete has coordinated every Flight Special the Combine has ever run and each one out does the previous. I cannot say enough good things about this man who has given so much of his own time and efforts to make our club one of the very best. Pete has always been there for the Combine and I have always counted on him time and time again. Without Pete the Combine would not enjoy the success we have today.

Thank you, Pete, from all Domestic Flight Fanciers and especially from me.

Question for Dr. Zollars

This letter was sent to us by Joseph Liska to forward to Dr. Zollars. I have a 1989 blue lace Satinette hen that is a good show bird but also my particular pet. She has always enjoyed perfect health and has been in perfect condition. I only keep six hens, (not over crowded), use good feed, Vita-Preen three times a week and Feed Mate 85 in between. A little I Odine in the water once a week. Several weeks ago she developed what may be a tumor. She is squatting down, where she formerly stood very erect, with her back hunched as if she were about to lay an egg. Underneath near her vent she is very swollen, almost the size of a small tennis ball and the area is discolored - sort of a bruised, purpleish appearance. She has maintained her weight and her droppings are a little watery but parctically formed. I've tried giving her Sulmet, and Aureomycin but none of this has seemed to improve her condition. I would like to cure her if at all possible. Dr. Zollars' answer to Mr. Liska was sent to him and has also been published on page 11 of this issue.

Coordinator's Message

I would like to thank Bill Henderson, Shannon Hiatt, Jim Armstrong, and the ASRA Members, who have helped put this special together.

I know that the club is headed in the right direction. We are lucky to have such a creative and hard working bunch. Keep up the good work and keep puching forward.

Thank You
Joseph Ognibene

Editorial

We would like to thank the clubs, fanciers, and any and everyone that have given us their support through the years.

There have been times when we thought we weren't going to make it. But every time, you wonderful people would some how pull us through.

We have throughly enjoyed the last few years, and we are still striving to make improvements as we go. With your help and support who knows where we will end up.

We are looking forward to seeing you at the shows.

Ed and Carol Pointer
